

Global Sports Solutions

MX1 offers sports broadcasters & organisations a one-stop-shop for all sports related broadcast & media.

Engage your fans like never before

There's nothing like the fast action of sports. An amazing goal hitting the back of the net, a touchdown after an exhilarating pass or buzzer beater.

Sports coverage is exciting & its delivery needs to be perfect! The action your organisation generates should always be enjoyed in the best quality possible – no matter where, when or on what device your audience may be watching. With a dedicated

sports team we understand the complexities & challenges that come with live sports content aggregation, management & distribution.

That's why so many major sports broadcasters & organisations turn to MX1. No one can match the reach, reliability & experience that we deliver.

MX1 works with the world's leading sport

broadcasters, sports rights agencies, clubs, federations & organisations in the world.

We cover the most popular sporting events, such as NFL, NBA, Premier League, tennis, golf, motor sports, Olympic sports & more.

These organisations trust us because MX1 delivers 100% of the time, every time.

MX1 – The Media Globalizer

We are ready to handle your most challenging global projects. Whether it includes live or archived materials that need to be aggregated,

managed, distributed & localised, in real time, to various locations worldwide, we're ready to help you succeed.

When it comes to sports you can rely on the highly skilled teams at MX1 to transform your content into the ultimate viewer experience.

Dedicated 24/7 sports service desk

Our sports & events service desk delivers dedicated customer service, technical management & production expertise.

Highly skilled & experienced professionals manage all aspects of planning, booking coordination, execution & logistics involved with your sporting events.

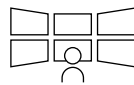

Our teams are on call 24/7 to provide the kind of service you would expect from a world leader.
